SUMMARY

In my journey as a Full-Stack Web Developer and Graphic Designer, I've honed my skills in
an array of programming, languages and design tools, from HTML, CSS, JavaScript, and Python to Adobe Creative Suite and Sketch. But it's not just about the tools; it's about the creative vision that drives me to push the boundaries of what's possible, to transform concepts into tangible realities that delight, inspire, and make a lasting impact.

INTERNSHIP/ FREELANCING

Portfolio Web Development
- I am doing freelancing on many freelancing platforms like Fiverr, Upgrad, Freelancer to upgrad or enhancing my skills as web developer or Graphics Designer

Graphics Design
- I am doing freelancing on many freelancing platforms like Fiverr, Upgrad, Freelancer to upgrad or enhancing my skills as web developer or Graphics Designer

- Product Mockup Design :I Started a E-commerce company with 3 group of friends to sell wholesale products on Online selling platform like Amazon, Flipkart, Messho. I worked as a graphic designer to enhance product packaging, to get more trust of customer and Making our product as brand.

- Banner, Poster making , Logo making for brand valuation

PROJECTS

Google Developers Group Jalandhar, Hackathon
- Created Blogger prototype which is similar to Notion but with more connectivity features.
- Implemented its UI-UX Design using Figma and showcased its features via a website created using HTML, CSS and JavaScript(Frontend part only) Selected
- as under top 15 for creating more user-friendly interface and for the idea for creating a local hub for events as an in app-feature.

E-Commerce Web For Bussiness Uses :-
- Implement a Fully designed Ecommerce website for Wholesale Company for product selling
- Implemented a responsive design approach, ensuring seamless user experience across various devices and screen sizes
- Implemented a secure payment gateway system, ensuring smooth and safe transactions for customers

Portfolio Development As Freelancer :-
- Worked as Freelance to create impressive portfolio web for College students for showcase their full potential that can't be shown only a page of resume cv. So I create with full functionally portfolio web where contact details, All Certificate shown, or all project shown their with functionalist.
